SpecView from Watlow® Field Upgrade Order Form

Upgrade Order Instructions:

1. Complete section 1 of this order form:
   - Enter contact information for the person who should receive the upgrade information
   - Check the box for the preferred contact method for receiving the upgrade information.
   - Enter the Step 1 code from SpecView from Watlow. (See the procedure below.)
   - Enter the serial number of the key (dongle) that you are upgrading.
   - Indicate what features you want to add by completing the upgrade ordering code.
2. Provide the completed form with a purchase order to your Watlow sales agent or authorized Watlow distributor.
3. The agent or distributor will forward this form to Watlow along with the purchase order.
4. You will receive upgrade instructions including the codes to enter to unlock the features you ordered.

If you have questions contact us at: 1-800-4WATLOW, Outside USA and Canada: +1 (314) 878-4600, info@watlow.com
